Présentation de l'éditeur Conan is back, and at the top of his form! SFWA Grand Master L. Sprague de Camp was revered in the genre of fantasy for both his fiction and nonfiction. Booklist praised his novel *The Honorable Barbarian*, saying: "The action is brisk, and the worlds and characters are described with de Camp's deft, light touch . . . thoroughly agreeable entertainment," while Kirkus said of *The Pixilated Peeress* "the unassuming style and verve of the telling keep the pages turning. Pure prose junk-food." But more important, L. Sprague de Camp wrote *Dark Valley Destiny*, the definitive biography of Conan's creator, Robert E. Howard, leaving little wonder as to why *Conan and the Spider God* is considered one of the finest novels in the canon of Conan. Son of a blacksmith, a former slave and thief, Conan the Cimmerian has risen to the rank of Captain of the Royal Guard. But as usual, trouble is his bedfellow. Forced to kill while defending himself, Conan must flee the vengeance of the High Priest of Erlik. Foraging through field and forest, meeting friend and foe, Conan cuts a bloody swath through assassins and bounty hunters all the way to the sinister temple of Zath, where he encounters the huge and hideous Spider God. Facing certain death, Conan becomes both the hunter . . . and the hunted. *Conan and the Spider God* is a thrilling adventure of the mighty barbarian, from one of the genre's most revered authors. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. From Publishers Weekly The beloved barbarian returns in a reprint of the late L. Sprague de Camp's *Conan and the Spider God*, a "Conan pastiche" (originally published in 1980) offering more dramatic adventures of Robert E. Howard's blue-eyed, broad-shouldered, sword-wielding hero. When Conan is accused of abducting a queen, he follows her kidnappers to the temple of Zath, the spider-god of Yezud, where an epic battle ensues.

Commentaires clients Commentaires clients les plus utiles 0 internautes sur 0 ont trouvé ce commentaire utile. Best conan novel ive read so far Par Marco Dattilo It might sound like heresy to many die hard fans, but yes, even after having read all the original howard tales, i have to admit Sprague de Camp's *Conan and The Spider God* is probably my favourite conan tale out of all of them. De camp takes Howard's *Conan* and develops him, but does so while keepin the character intact. The story itself is exciting and intriguing, conan style; exotic escapades, crazy priests, epic wars, man eating spiders. The writing style is great too, epic but never archaic, the story is well thought out and fast paced at the same time. 5 stars from me, i wish i could find more books like this one. Must read for any conan fan.
